

# BLOOMING LYMPHAM & EASTERTOWN!

## EARLY NOTICE FOR 2020

Many visitors have commented on the beauty of our village, especially the various flower displays around the area in gardens and by the roadsides.

So why don't we enter Britain in Bloom,  
the national gardening competition, next year?

Some ideas for new planting containers & improving existing plots have  
already come in, but we need more ....

Can you help? Please contact one of the people below if you are  
interested, have an idea or can help in any way.
